GAGE INC.
Fine Imports

About the company: In 1976 the Meyer family moved from Wausau, Wisconsin to Door County, Wisconsin to open their new business*, Gage Fine Imports*.

They named their new business after their son. Gage and his mother Gladyce, traveled to Italy every year to seek out new and unique handmade artesian items for their store in Door County. Through the many years *Gage Fine Imports* built lasting relationships with some of the finest Italian and European craftsmen. Together, they created unique, exclusive Gage designed Venetian Murano crystal - hand painted in vibrant, colorful designs, and Florentine decorative handcrafted candles from Firenze, Italy.

Today, thirty nine years later, Gage Fine Imports Inc. sells their many exclusive designer crystal and candle lines wholesale to hundreds of accounts throughout United States and beyond. And they are known as one of the most trusted innovative suppliers of exclusive, affordable designer gift and decorative items, that have endure the test of time and cherished by many for their generational heirloom qualities.

"As beautiful as the photographs in this catalog are, there is no way they can reproduce the elegant vibrancy of color, the sparkle and sound of our beautiful crystal."
